Buraaq Mining Services Strengthens Team Cohesion Through Mindset Alignment Session

Johannesburg, South Africa – 02 October 2025

Buraaq Mining Services hosted a **Team Alignment and Mindset Coaching Session** on 2 October 2025, as part of its ongoing commitment to cultivating a cohesive, motivated, and high-performing workforce. The session was facilitated by **Mr. Abdul Manack**, a respected Coach, Speaker, and Mindset Trainer, who guided the team through a series of reflective and collaborative exercises focused on enhancing communication, accountability, and teamwork.

The morning's engagement provided an opportunity for employees to reconnect with the organisation's values, reaffirm their collective goals, and strengthen their shared sense of purpose. Participants actively engaged in activities that encouraged openness, mutual respect, and a proactive approach to achieving excellence.

Mr. Manack commended the team for their passion, resilience, and openness, highlighting that the true success of the session lay not in the activities themselves, but in the team's willingness to engage deeply and take ownership of their work.

The session reinforced Buraaq Mining Services' philosophy of **"Customer Focus, Open Minded, Team Spirit & Fair Play"** underscoring the

importance of collaboration, effective communication, and daily action planning to achieve sustained organisational performance.

This initiative forms part of Buraaq Mining Services' broader focus on employee development and organisational alignment, ensuring that every team member contributes meaningfully to the company's mission of delivering quality, efficiency, and innovation across all operations.

The session marks another step in nurturing a strong, connected, and high-performing workforce.
