

**Buraaq Mining Services Media release,
February 2025**

Today, we pause not just to mourn, but to honour a life that was love in its purest form.

On the 26th of February, our **CEO Mr. Sam Kader** announced the passing of his beloved mother, **Mrs. Amanathunnissa Begum Kader** – a woman whose strength, grace, and unwavering faith shaped not only her family, but everyone fortunate enough to know her.

She was more than a mother. She was a shelter in every storm. A whisper of comfort in moments of fear. A steady hand when the road felt uncertain.

For years, she endured a long and painful battle with cancer – a journey carried with quiet dignity and remarkable resilience. Those who witnessed her strength saw a woman who refused to let illness define her spirit. Even in her weakest moments, her faith stood unshaken. Even in pain, she spread love and warmth to those around her.

Sam often spoke about how close he was to his mother. Their bond was not just one of parent and child – it was friendship, trust, and deep understanding. Her guidance shaped the man he became. Her prayers were his protection. Her voice was his reassurance. She played a significant role in shaping his journey in engineering and the businessman he has become today.

One of the most touching tributes to her life was the cancer awareness event hosted in her honour. During the ceremony, a powerful ribbon-cutting moment took place with a pink forklift named **“Amanath.”** This dedication was a heartfelt tribute from a son to his mother. It was not just machinery – it was a symbol. A symbol of love. A symbol of resilience. A symbol of a son honouring the woman who carried him before he could walk and believed in him before he could believe in himself.

Today, that symbol carries even deeper meaning.

Mrs. Amanathunnissa Begum Kader returned to her Creator during the **holy month of Ramadaan**, a time of immense mercy and blessing. Her passing also occurred on a **Friday, the sacred day of Jumah** – a day of great significance in Islam. Many believe that to depart this world during such a blessed time is a sign of divine mercy and honour.

A mother’s love does not end with her last breath. It echoes in every lesson she taught, every sacrifice

"Your Total Solution, Cost Effective Mining Partner"

she made, and every prayer she whispered in the quiet darkness of night for her children's success and protection.

To lose a mother is to lose a piece of your own heartbeat. The world feels quieter. The air feels heavier. Yet, in that silence, her presence remains – in memories, in character, and in faith.

May Allah grant **Mrs. Amanathunnissa Begum Kader** the highest place in Jannah. May her grave be filled with light. May her sins be forgiven and her good deeds multiplied. May her suffering be accepted as a means of elevation. And may her family be granted patience, strength, and beautiful remembrance.

Inna lillahi wa inna ilayhi raji'un – Indeed we belong to Allah and to Him we shall return.

During this difficult time, the **Buraaq Mining Services team** extends its deepest and most heartfelt condolences to the **Kader family**. We stand in solidarity with our **CEO Mr. Sam Kader and his family**, keeping them in our prayers and thoughts as they navigate this profound loss.

Sam, your mother's legacy lives through you – through your strength, your compassion, and the way you lead with heart.

A mother's love is never buried. It lives on – eternal, powerful, and forever beating in the heart of her child.
