Buraaq Mining Services Celebrates Successful Delivery of AARD 5.5 LHD in Limpopo

Johannesburg, South Africa – April 2026

On **Friday, 10 April**, Buraaq Mining Services proudly marked a significant operational milestone with the successful delivery of an **AARD 5.5 Load Haul Dumper (LHD)** to a valued client in **Burgersfort**.

This achievement reflects the company's continued commitment to excellence in service delivery, operational efficiency, and strong client partnerships within the mining sector. The AARD 5.5 Load Haul Dumper (LHD), known for its reliability and performance in demanding underground environments, is expected to enhance productivity and support the client's mining operations.

The seamless coordination and execution of this delivery highlight Buraaq Mining Services' capability to meet project timelines while maintaining the highest standards of quality and safety. From logistics planning to final handover,

the process was managed with precision, reinforcing the company's reputation as a trusted partner in the industry.

This milestone not only demonstrates operational success but also underscores Buraaq Mining Services' dedication to supporting the growth and efficiency of mining operations across South Africa. As the company continues to expand its footprint, such achievements serve as a testament to its unwavering focus on innovation, reliability, and customer satisfaction.

Buraaq Mining Services looks forward to building on this momentum and delivering continued value to its clients through world-class equipment solutions and exceptional service.
