Buraaq Mining Services Stands Proudly with the Geluksdal Cancer Support Group

Johannesburg, South Africa – May 2026

Buraaq Mining Services proudly sponsored and participated in the **Geluksdal Cancer Support Group's Wellness Day event held on Saturday, 30 May 2026 at Geluksdal, Brakpan**, reaffirming the company's commitment to supporting communities and raising awareness in the fight against cancer.

As part of the event, Buraaq showcased its iconic **Pink Forklift, "Amanath,"** a powerful symbol of hope, strength, resilience, and support for individuals and families affected by cancer. The pink forklift attracted significant attention throughout the day, serving as a visible reminder of the importance of cancer awareness and early detection.

During the programme, Buraaq Mining Services **CEO, Mr. Sam Kader**, addressed attendees and shared the story behind the company's name, explaining the values and vision that have shaped Buraaq's growth

and community involvement. His message highlighted the importance of giving back and standing alongside communities facing life's challenges.

Sayeeda Mayat spoke about the significance of the Pink Forklift and what it represents to the Buraaq family. She explained that the forklift is named **"Amanath" after the CEO's mother**, making it far more than a piece of equipment. The forklift stands as a tribute to her legacy and symbolizes love, strength, perseverance, and the ongoing fight against cancer.

"The Pink Forklift represents hope and remembrance. It reminds us that behind every cancer journey is a family, a story, and a community that can make a difference through support and awareness," said Mayat.

Buraaq Mining Services remains committed to using its platform to support meaningful causes and create a positive impact beyond the mining industry. The

MINING SERVICES

company is honoured to have partnered with the Geluksdal Cancer Support Group and applauds the organisation for its continued dedication to supporting cancer patients, survivors, and their families.

The Wellness Day was a successful event that not only promoted health and well-being but also strengthened community bonds and encouraged important conversations about cancer awareness and support.
